RECRUIT AN APPRENTICE WITH ALLIANCE LEARNING

How will an Apprentice benefit your business?

Apprenticeships can boost productivity by on average £214 per week.

87% of employers said they were satisfied with their Apprenticeship programme.

76% of employers say that productivity has improved.

75% of employers reported that Apprenticeships improved the quality of their product or service.

What is the cost to take on an Apprentice?

1. Employers who don't pay the Apprenticeship Levy and want to purchase Apprenticeship training from a provider.
 - **The government pays 90% of the costs of training and assessment.**
 - **The employer will be responsible for paying 10% of the costs, engineering companies will still be required to pay an additional contribution.**
2. All Employers operating in the UK, with a pay bill of over £3 million each year, will now have to invest into Apprenticeships. This is known as the Apprenticeship Levy and will be paid at a rate of 0.5% of an employer's wage bill. It will be paid through Pay As You Earn (PAYE) and came into effect from April 2017. Contributions will be held in a digital account and you will have 24 months to spend the money within this account.

Apprenticeships we offer:

Business Administration | Customer Service | **Team Leading / Management** | Children & Young People's | Workforce | **Supporting Teaching & Learning** | Electrical Engineering | **Engineering Maintenance** | Fabrication & Welding | **Mechanical Engineering** | Performing Manufacturing Operations

If you would like one of our Business Development Advisors to visit your business to discuss the Apprenticeship programme in more detail then please give us a call today on 01204 677888 or email info@alliancelearning.com
