RECRUIT AN APPRENTICE WITH ALLIANCE LEARNING

What is an Apprenticeship?

An apprenticeship is a genuine job with an accompanying assessment and skills development programme. It is a way for individuals to earn while they learn gaining valuable skills and knowledge in a specific job role. The apprentice gains this through a wide mix of learning in the workplace, formal off-the-job training and the opportunity to practise new skills in a real work environment.

How will an Apprentice benefit your business?

Hiring an apprentice is a productive and effective way for any business to grow talent and develop a motivated, skilled and qualified workforce.

Employers who have an established apprenticeship programme reported that productivity in their workplace had improved by 76% whilst 75% reported that apprenticeships improved the quality of their product or service.

Small businesses in Bolton can take advantage of a new apprenticeship support package from Greater Manchester Combined Authority, meaning SME's that have never employed an apprentice previously can receive a £3,000 towards a new apprentice.

Other benefits that apprenticeships contribute towards include:

- **Increasing employee satisfaction**
- **Reducing staff turnover**
- **Reducing recruitment costs**

Apprenticeships we offer?

**Business Administration | Customer Service | Team Leading / Management
Children & Young People's Workforce | Electrical Engineering | Engineering Technician
Engineering Maintenance | Fabrication & Welding | Mechanical Engineering
Performing Manufacturing Operations**

If you would like one of our Business Development Advisors to visit your business to discuss the Apprenticeship programme in more detail, please give us a call today on 01204 677888 or email info@alliancelearning.com

FULLY FUNDED TRAINING NOW AVAILABLE: LIMITED TIME ONLY!

Alliance Learning are always looking at ways in which we can help local businesses have access to the best training available. After being successful in securing funding for the delivery of the European Social Fund (ESF) programme, we can now provide businesses based in Greater Manchester and Lancashire FULLY FUNDED training to develop your staff and business, from full NVQ's to bespoke training courses. (Subject to eligibility)

SPOTLIGHT ON: ELECTRICAL COURSES

COMING SOON
Periodic Inspection & Testing – City & Guilds 2391-52

City & Guilds

Target Group

A 2391 qualification is currently required in order to gain your JIB grading as an approved electrician. The course has been introduced to streamline and simplify the qualifications required to carry out advanced inspection and testing. This new qualification only requires 1 online multiple-choice exam, 1 practical assignment and 1 visual inspection.

Course Content

The course will cover the specific methods of inspecting and testing all types of installations, whether single or three-phase, to the current requirements of BS 7671. It covers the inspection and testing techniques as given in IET Guidance Note 3 and how to professionally complete Certification and Reports. For further information, visit www.alliancelearning.com/page/health-and-safety-training-courses

Offer Price - £1,050

For more information about this course, please contact us on **01204 677811** or email info@alliancelearning.com.

Entry Requirements

You must be over 18 and be up to date with industry requirements. This course is intended to be taught to experienced electrical installers who have previous training and experience of inspection and testing. Essentially you should be working in the electrical industry and involved with the inspection and testing process before taking this advanced course. It is also useful for you to have experience of working of 3 phase systems. If you have limited experience, you may wish to consider attending our 5-day Electrical Maintenance course. This course is designed to be taught for those who already know the fundamentals of inspection and testing but need to progress their skills. It is essential you have a good up to date understanding of BS 7671: IET Wiring Regs and up to date 18th edition course is recommended. **There is limited practical training and we recommend you have at least 6 months testing experience before taking this course.**

Course Timings

The course is 6 days taken over a 2-week period with the theory part of training taking place in week one. In the second week you will return for your assessments.

18th Edition IET Wiring Regulations – City & Guilds 2382-18 (3 Days)

The IET 18th Edition is the essential publication for all professionals working in the electrical industry. It forms the national standard to which all new and amended electrical installations in the UK are to comply. Price: **£440.00**

Electrical Wiring, Testing & Maintenance – EAL (10 Days)

This course aims to provide basic working knowledge and practical experience of electrical installations in single and three phase. This course is intended for candidates who wish to gain electrical skills. Price: **£1,350.00**
